*As organizer of the leading International trade fair brand ISSA/INTERCLEAN our venue of choice in Poland is the Warsaw International Expo Centre , Expo XXI*

*The most outstanding in our experience with Expo XXI is the professional, courteous and responsive staff. With already a pleasant ten years cooperation, we recently prolonged our contract the for three additional editions. Every time we return to Warsaw, the venue is improved and their facilities and services modernized. Our large international audience are impressed by the modern exhibition halls and helpful service providers. We cannot wait to return to Warsaw in 2015!*

*Warm regards on behalf of the organizers!*
